New York Yacht Club in Harbor
Like the old grey mare, the New York Yacht Club just ain't what she used to be when it jammed the whole harbor on visits years ago. Still the forest of masts was impressive even though the weather was the worst. Through the gloom, this is a sample of the fleet. Bill Hall photos

## BIKE RIDERS SWEEP THROUGH TOWN

Bike rider teams that represent the very top in the world met in New Bedford for the most important meet on the east coast. On Wednesday teams from Europe and the best of America started in New Bedford and swept through Mattapoisett, Marion and Wareham on the way to Cape Cod bound for the finish line at Scusset Beach. To those who have had little contact with this sport it was a here they come ..whoosh..there they go kind of thing. These bikers were not just out for your Sunday ride. This is just not a spectator sport for most.

## "The Beacon" Plans for Sewerage Hook-up

MATTAPOISETT SELECTMEN'S MEETING
JULY 26,1988-bY VIRGINIA MORGAN

Two alternatives for sewer hookup from "The Beacon" was presented to Selectmen last Tuesday by Paul E. Cusson, President of Pleasant Street Development Corporation. In presenting the two plans, Mr. Cusson said they would also be shown to the Housing Partnership Committee the next night (Wednesday).

Company Attorney John Bently explained Mr. Cusson would like to meet with Selectmen no later than September and then the company would submit the application to the State HOP (Housing Opportunity Program) for funding for 58 housing units off Park Street (30 percent of which will be affordable housing) in October.

Mr. Cusson asked Selectmen to make a choice: One, "Whether to join us or not join us when we file in October; two, "Should we meet with the Housing Partnership Committee or with you before filing. We would like to have your independent assessment given to the state, but we plan to go ahead in October with or without your support," said Mr. Cusson. "Do you want to give us a decision or should we contact the Housing Partnership Committee", he asked.

Mr. Cusson mentioned a CDAG (Community Development Action Grant), a special funding related specifically to HOP developments. The purpose of the funds is infrastructure improvements. The funds, disbursed by the town, can be used for purposes related to the development. Mr. Cusson said, "We would plan

the paper work, but you (Selectmen) have to ask for the money." One condition is that the Selectmen give their support to the development.

On the subject of sewerage to the development, Mr. Cusson said he has had several meetings with Water/ Sewer Superintendent William T. Nicholson to find the best way to go.

One proposal would have the sewer line come from the development with a pumping station on the development grounds, across Park Street to Hitching Post Road. A second alternative would be a gravity flow across Park Street along the railroad bed to Acushnet Road to Route 6 by the Grange apartments on Main Street. When speaking later to Superintendent Nicholson, he said he personally preferred the railroad right-of-way route. However, both alternatives will wait until more information is received and consultation with the Housing Partnership Committee and the consultant.

If the railroad bed proposal is feasible, the town would have to get voter approval for an easement to use the property. Selectman John N. DeCosta expressed his opinion that using the railroad bed would give no benefit to the town. Selectman Bernard Talty added, "There is no sense to go down the railroad bed." Mr. Cusson said, "We need to plan together for the best interest to all concerned. There are concerns still

to be addressed with the Housing Partnership Committee: wetland, density, egress from the development."

Selectman Talty, who is the Selectmen's representative to the Housing Committee, said the Partnership Committee is the proper forum to address the plans. "We now have a MAP state grant to hire a consultant to assist us: the ad has been placed and we should have a person hired in August."

On the subject of water use, Mr. Cusson estimated the 58 units would use 110 gallons per bedroom, per day, roughly 13,000 gallons per day. Capacity is not a problem, he added.

Mr. Cusson asked again, Please join us in September before the October application for funding. We don't feel we need public meetings other than those the Housing Partnership Committee hold", which are all public meetings Mr. Cusson explained to a question on informing the public of his progress.

Selectman Hubbard said he prefers the developers finish with the Housing Partnership group. "Then we will determine our stand. We depend on Selectman Talty as our representative to keep us informed." Chairman Hubbard noted he would like to speak with Superintendent Nicholson and wait until the housing group sees the two alternatives for sewers. The Chairman stressed, "We don't want to see the town sold short - we need to take our time and wait for some expert help."

Selectmen agreed to meet with the Superintendent and the Water Commissioners before giving their support of any one alternate route. The Selectmen agreed to meet at 7:30 p.m. August 20th with Mr. Cusson to discuss updated information.

In other business, Selectmen:

MET WITH Building Inspector Andrew J. Bobola to discuss the application of Robert E. and Mary I. Ringuette, 21 Dupont Drive to install a 7,000 gallon underground fuel tank on their property in the Marine District.

Following the inspector's report that an underground tank was granted in a Special Permit by the Board of Appeals in July 1986, he asked Selectmen's permission to hire an engineer to check the proposed installation. He noted he doesn't have the expertise to check the installation and is concerned for public safety. The inspector added that the state DEQE would not get involved in the installation even though it will be close to the shoreline.

Chairman Hubbard asked several times in disbelief that the Appeals Board would grant such a permit

around homes and wells so close to the water. "I just can't believe this," the Chairman said.

Selectmen agreed to have an engineer check the installation and to also have the State Fire Marshall's office check the installation with Ringuette paying for the engineer's fee. The inspector added that Fire Chief Donald Wood will still have to give a permit, if he feels there is no problem.

Inspector Bobola explained Mr. Ringuette has hired an engineer from Rhode Island to plan the installation of a concrete based, double-wall fiberglass tank. When Chairman Hubbard asked about a vent for the fuel, Mr. Bobola said a vent will expel air but not liquid and that it doesn't have to be above ground.

The background of the special permit includes: The 1986 Appeals Board decision directs the tank to be located to assure that there shall be no pollution of the sea water, area wetlands of area wells, should a leak occur; installation of the tank together with attendant lines, pump

held absolutely no danger to swimmers and definitely was not oil. It appeared to be foam resulting from the rains and turbulent water in the harbor. The beach was reopened by the Health Board at 1 p.m. Wednesday.

WERE NOTIFIED by Attorney Margaret A. Ishihara of Fleming and Ishihara that it appears the Town will be able to resolve the matter with Ford Motor Company on the ambulance engine. A representative of the Ford Motor Company, Craig Adrian, of Customer Relations in Southboro, has indicated that Ford would be willing to replace the engine, after additional information is forwarded to him. It was also mentioned by the Attorney to the Ford Motor Company that the Mattapoisett Police Department would like to have the work done at Suddard Ford in Wareham, rather than at Mid-Cape Motors in Hyannis where the engine problems developed.

WERE INFORMED by Engineers Tighe and Bond of the latest inspection

(July 19) of the sanitary landfill. The inspection revealed work is progressing well and some of the areas of concern raised during the previous inspection were addressed; namely, the wind blown litter problem along the access road, the small section of exposed brush at the "old brush pile", the stock pile of the daily cover material and some of the drainage problems at the "top" of the old landfill. The major concern of providing adequate drainage at the easterly side of the landfill remains to be addressed. Fortunately, the recent dry spell has helped eliminate the leaching occurrences.

A concern raised by the operator was the frequent occurrence of town dump trucks being allowed to bring in trash on Sundays and Mondays al-

JULY 26, 1988-by EUNICE MANDUCA
A Community service by the League of Women Voters

At 6:00 p.m. the Selectmen met with D.P.W. Supervisor Robert Zora in Executive Session to review his department.

At 6:30 p.m. the Selectmen met with Police Chief Brian Scott in Executive Session to review his department.

Hill, Oak and Green Streets residents were informed that Thompson Engineering would start the survey in their area on Monday or Tuesday, August 1 or 2.

Betsy Dunn of 56 Main Street appeared to request that a large tree in front of her residence be removed because it was causing damage to her home. Large roots were interfering with her underground pipes and distorting her foundation. Eleanor McPeck wrote to protest the tree re-

moval but Selectmen interviewed Tree Warden Ron Winters who recommended the tree be removed because it has been causing trouble for many years and was just too big for that location. Selectmen voted to have the Tree Warden remove the tree and replace it with a smaller variety.

Joe Cunning and Helen Thacher, Co-Chairman of the Taber Hall Study Committee, appeared with Larry Krajeski of the South Shore Housing & Development Company to inform the Selectmen of the most recent proposal for the development of Taber Hall. Mr. Krajeski explained that South Shore would fund $340,000 for adapting the building for elderly housing, would pay the Town of Marion $1500. per year in lieu of taxes and would set aside $1100. per year for a sinking fund for maintenance of the building. A resident manager would occupy the third floor apartment and the remainder of the building would be adapted for congregate housing for eight elderly residents. Marion residents would be given preference for occupancy with additional possibilities that elderly parents of Marion residents would be considered. There would be a requirement that minorities must be recruited but that presented no problems because Marion has a comfortable mix of cultures and it would not be necessary to go outside the community to find the necessary minority residents. stated that he would require more evidence that such an arrangement was feasible. Mr. Krajeski will work with Taber Hall Committee members to check out results of a survey which was completed by the Taber Hall Committee and bring back more information to Mr. Hoagland. Two persons present at the meeting stated an interest in residency in Taber Hall. Each resident would have a private bedroom and bath and a small kitchen. The large meal of the day would be served in the dining room and residents would take care of any additional meals themselves. Plans are on file at the Town House for any interested parties. The Taber Hall Study Committee requests that any interested parties contact one of the Chairmen for additional information.

Mr. Jaillet appeared to request permission to use Silvershell Beach for a beach party to celebrate the success of the exchange program with Finnish students this past summer. It was voted.

He also said that the Sippican Long Term Care group has completed the plan and site review and will be scheduled by the Conservation Commission. The Ocean Arts group will be heard on August 2 at 7:30 p.m. to present their concept for new technology for waste water management.

Selectmen Chairman Ted Pratt announced that the application for a $5000. grant for the Housing Partnership Committee for planning has been completed and submitted. Mr. Pratt also reported that there will be a meeting on September 1 at O.R.R. to establish a five year plan for the renovations of the building. Priorities must be established and a new Administration Building is not on the top of the list.

It was announced that the Selectmen may accept the Blankenship Cemetery on Point Road as a gift from the Blankenship family on behalf of the Cemetery Commissioners and the Board of Health must designate it as a burial place. It was voted.

## August Museum Exhibit

MATTAPOISETT HERITAGE REMEMBERED

The Mattapoisett Historical Museum's August exhibit features a collection of pictures of Mattapoisett-built whaling ships during the years of 1822-1877 and their histories.

Quoting from "Shipbuilders of Mattapoisett", written in 1937 by Charles S. Mendell, Jr. (a past curator of the museum)..."In its day Mattapoisett was the most famous whaleship-building port in the world. The list of vessels known to have been built at Mattapoisett now numbers 300; and all indications show that if the early Custom House records of Nantucket and New Bedford were available, this number would be doubled. Mattapoisett built ships not only for New Bedford and Nantucket, but for Salem, Boston, Yarmouth, Barnstable, Fairhaven, Edgartown, Dartmouth, Westport, Newport, Providence, New London, Sag Harbor, New York, and as

## David S. Hagen Memorial Service

David S. Hagen, a beloved local educator and friend, died suddenly of a heart attack on Saturday, July 30th, while helping a young friend.

Mr. Hagen, 64, was the retired Principal of the Old Rochester Regional High School. He served the youth of the communities in many roles from 1963 until his retirement in 1984.

He was an Army Air Force veteran of World War II, a graduate of Harvard University (1950), and received his Master's Degree from Bridgewater State College in 1972.

Mr. Hagen's commitment to the performing arts and the total development of young people in the southeastern district was well-known.

His passing has shocked and saddened legions of friends.

A memorial service for Mr. Hagen will be held Saturday, August 6th, at 4 p.m. at the Tabor Chapel in Marion.

The David S. Hagen Memorial Scholarship has been established in his memory. Donors are request-

## Marion Visiting Nurses

ANNOUNCES FUND DRIVE

The Marion Visiting Nurse Association (MVNA) kicks off its annual fund drive this week with a mailing to Marion, Mattapoisett and Rochester residents.

The services offered by Marion Visiting Nurse Association are being utilized by a wider portion of area residents than ever before. Shorter hospital stays, "in-and-out" procedures, and more patients with complex medical problems choosing to be cared for at home, are some of the reasons. Bi-monthly well-child clinics and weekly blood pressure clinics offer preventative and monitoring services to a diverse population as well.

The MVNA is a certified home health care agency providing service to area residents. These services include nursing visits, home health aid, various contracted therapies including physical therapy, speech therapy, occupational therapy, and social services, medical equipment, and a formal hospice program. Through continuing education, the professional staff provides skilled, up-to-date patient care using hi-tech

ed to direct their contribution to Robert C. Gardner, Principal, ORRJHS, 133 Marion Road, Mattapoisett, MA. 02739.

procedures.

Chairing this year's drive is Dorothy Verville; Co-Chair is Eleanor Peterson. This non-profit organization depends on the fund drive to help maintain its status as a self-supporting organization.

"Funds contributed help to assure continued care to all residents of area towns who are in need of professional health care services. Through this mail appeal, we are able to reach more people than ever before. We hope people will continue to be supportive," states Mrs. Verville.

Residents not contacted during the drive can send contributions to Marion Visting Nurse Association, Inc., Box 364, Marion, MA. 02738.

Questions concerning the agency's services may be answered by calling the office located at Sippican School. The telephone number is 748-1020.

## Growth Management Committee

by CONSTANCE KEAVY

The Mattapoisett Growth Management Committee met on Thursday, July 28th, at 7:30 p.m. at Village Court.

Chairman Peter Kortright and the committee members discussed the position of Town Planner, which is on the warrant for the special town meeting on August 23rd. The consensus was that Mattapoisett cannot afford to be without a planner. Who else has the knowledge, training and expertise to deal with a developer's cadre of experts? The committee expressed hope that the town would support this position.

Mr. Kortright and Attorney Elizabeth Kunz met with Mr. Lawrence DiCara, the attorney representing the Nunes' property proposed developer, Mr. Keller. A list of the committee's concerns was presented to Mr. DiCara and he agreed to discuss these concerns with Mr. Keller at the earliest opportunity.

The preliminary site plans have been drawn and will be presented to the M.G.M.C. on Thursday, August 11th, at 7:30 p.m. at Village Court.

Town board members and the public are encouraged to attend this meeting to present their views to Mr. Keller.

The M.G.M.C. has several concerns:

1) What will be the impact on the school system?

2) Will there be a strain on Mattapoisett's water and sewerage capacity?

3) Will residents have deeded beach rights, access, and beach parking?

4) Will the golf course pesticide run-off render the beach unswimmable and permanently damage the shellfish beds?

5) Will the golf course design minimize potential environmental damage?

6) How does the developer intend to comply with the 10% affordable housing requirement?

These questions should be answered satisfactorily by Mr. Keller. How any developer addresses these concerns can set the tone for future town development.

Mike Dahill and Richard Young, Harbor Sub-Committee, reported that the Selectmen are reviewing the wharf and mooring regulations and will schedule an open meeting for resident input. The Harbor Committee hopes to leave a section of the harbor completely undeveloped - a section for recreation, such as a junior sailing program.

Martha Peterson, assisted by Elaine Sylvia, presented a sample copy of an Open Spaces survey which will be sent to residents soon.

The committee needs residents' input and concerns to help determine an Open Space plan for the town.

Diane Perry spoke to the Committee about her efforts with Candy Kruger to form a citizens' action committee similar to the Save West Island group. This new committee would serve as a public information forum, would be a support group for all town committees, would promote public participation and enthusiasm for our coastal and other environmental resources. In effect, it would be a resource committee offering its services to the entire town. This organization is still in the formation stage, so if people join soon, they will help determine the direction(s) this citizens' committee will take. If you are interested in serving in any capacity, please call:

Candy Kruger, 758-3442 (9 a.m. to 4 p.m.); Diane Perry, 758-9063 (evenings).

Here is a definite chance to get involved and make a commitment to your own town.

The next meeting of the Mattapoisett Growth Management Committee will be held on Thursday, August 11th, at 7:30 p.m. at Village Court. Mr. Keller plans to attend. Will you?

Here is the result of two of at least three spray paintings of vehicles which were done on Thursday evening while the teen dance was in progress at the Mattapoisett Town Wharf. Lisa was painted in dark blue foot high letters on the trunk of a yellow car and Jody on the trunk of a white car. Don't they show up well? I'd like every kid in town to take a good look and think about it. This was done to discredit both your age group and your dance. You probably know who did this because they were caught in the act by the Mattapoisett Police. Their names

cannot be publicly revealed because of their age so that they and their friends are protected from public shame. However, as long as their peers know who is trying to destroy their dance perhaps there is something to be gained. This same night, an antenna was broken off a boat stored on the wharf. This same night, a bench was dumped on top of a brand new car parked at the top of the wharf. A contingent of police must be on hand at every dance sufficient to quell a riot. All of this, together with the noise pollution of the highly amplified rock, puts tremendous pressure on the Selectmen who are trying to maintain a summer pleasure for the teenagers of the town. They do this against heavy odds because everywhere they appear, people who are suffering from overexposure are demanding action. Kids, let's take the pressure off the town fathers. You know the punks that infiltrate your group and they are no friends of yours. Keep them out. Point out acts of destruction to property or else suffer the inevitable. DCJ

ed me on the Community Drive.

To all who have answered our letters, by responding to Tobey Hospital's Capital Campaign, I would like to take this opportunity to say "Thank You".

As a Trustee of Tobey and Community Campaign Chairman, it has been my privilege to assist Tobey in this ambitious effort.

As we all know, the need of health care has changed over the past few years and it is Tobey's commitment to meet these changing needs. In order to do this and continue the quality care that Tobey is known for, we plan the following improvements: The expansion and renovation of the Emergency Room and Radiology facilities--expansion of the Day Surgery unit--addition of a new Step Down Unit--as well as several other smaller improvements. This is a 4.5 million dollar project that needs the support of every single person in our towns.

So, if you have set aside my letter for a later time, the time is now. There is no donation too small. Every single dollar is important, become a part of the Tobey's Family and make your contribution today.

To our summer residents, who need health care while vacationing in our towns, Tobey Hospital offers you this excellent care. Our emer-

## Letters to the Editor

I was a customer on Saturday, July 23, 1988 at Shaw's Supermarket in Fairhaven. My wallet was in the bottom of my handbag. When it came time to check out, I realized that it had been stolen. The Manager of Shaw's immediately contacted the Fairhaven Police Department and they sent Patrolman Herbert Souza. He took down all the information and said he would contact me if the wallet was found.

I knew exactly how much money was in the wallet. Upon my arrival at my home, Office Faulkner of the Mattapoisett Police Department called my home to inform me that the wallet had been found. I immediately went to the Police Station. All of the money was taken but pictures, driver's license, etc. was intact.

Thanks to the honesty of Mr. Kenneth Peirce of Fairhaven, who was on his way to a wedding on a major highway, many miles away from Shaw's, he saw the wallet lying on the side of the road and picked it up and returned it to the Mattapoisett Police Station.

Mr. Peirce happens to be one of our teachers at Old Rochester Regional Junior High School.

I feel recognition should be given to all of these kind people.

Graphic Workshop opens at the Marion Art Center on Friday, August 5th, with a reception for the artists from 6 to 8 p.m.

Richard Grosvenor has spent most of his life in Newport, Rhode Island and has exhibited in this area for many years. His work depicts sunlight striking the various elements found in the rock-bound coast. He goes out of his way to include a far distant sense of space in most of his scenes, and he also works to include an aerial perspective in some of them. He is a pilot who had a small, home-built airplane, so his work tends to reflect a bird's eye perspective. Another element found in Grosvenor's work is the inclusion of a parallax that is reminiscent of being in motion while watching a scene. This is afforded by placing several canvases that make up one scene at various distances from each other when they are mounted. As one moves by the picture the elements depicted change their relationship to each other. The exhibition will include oils, watercolors and drawings.

The Graphic Workshop of Boston was established in 1970 and has won

## Board of Appeal Decisions

by VIRGINIA MORGAN

Among the 10 decisions approved July 12th by the Mattapoisett Board of Appeals is the granting of a Special Permit for the K. of C. Hall (Niemad Home Club Corp.) to construct a storage building in the rear of the property, 5 Fairhaven Road; the YMCA was granted a Special Permit to construct a 30 by 40 open air pavilion at Camp Massasoit, 38 Reservation Road.

The application for the K of C Hall was partly denied for the proposal for an extension of an 8 foot by 40 foot metal box truck trailer to be placed on concrete blocks at the rear of the building for storage. The Appeals Board did grant a permit to build the storage build-

ing so that it is not visible from Route 6; no part of the building shall be placed on the 92-foot wide electric transmission line easement area of the ComElectric Company.

The YMCA received a special permit to construct a 30 foot by 40 foot open air pavilion. No one appeared at the public hearing in opposition.

The application of Robert E. and Mary I. Ringuette, 21 Dupont Drive relating to property at 21-23 Dupont Drive for a modification of an existing special permit to further extend a pier nonconforming marina business use on property in the Brandt Island section. The applicants seek to increase the number of boats berthed at the marina piers from 75 to 110; to conduct boat repairs on a designated land area, and to launch and haul boats with hydraulic launching equipment to be located on the premises.

One part of the application was denied; that to increase the number of boats from 75 to 110 and to conduct boat repairs. The part that was granted is to launch and haul boats limited to boats berthed at the marina. It was noted residents in the area generally are just as fiercely opposed to expansion of the only business operation in this waterfront residential area. The Board feels an increase would increase traffic and be a detriment to the neighborhood.

The application of William and Gail Florek, 458 West Rodney French

Boulevard, New Bedford to construct an open deck on the north, south and east sides of a one-family dwelling on their property at 10 Howard Beach in the Brandt Island section was granted.

The application of John and Nancy A. Ferreira, 34 River Road for alterations to an existing nonconforming structure, a single family dwelling on 34 River Road. The special permit allows the owners to demolish and rebuild to the same dimensions an existing 10 foot by 16 foot bathroom wing of the house and to change the windows and doors on the front of the house.

The petition for a variance filed by Bridget Murray, 38 Brandt Island Road relating to her property for a division of the property to set off a particular parcel of land and for construction of a single family dwelling on this parcel. Due to the circumstances relating to the shape of the parcel of land and especially affecting the parcel but not affecting generally the rural residence district, a literal enforcement of the frontage requiremment would involve substantial hardship, financial or otherwise to the petitioner.

A special permit was granted to David E. and Kriselyn G. Brammer, 8 Rock Street relating to their property for alterations to an existing nonconforming structure. The petitioners should have also applied for a variance from the applicable set-back requirements. At the same proceeding, the Appeals Board considered that the application has been amended to include the petition for a variance. Both

a variance on setback requirements and for a special permit to alter the house at 8 Rock Street were granted.

A special permit was granted to Nicholas C. Decas and Gregory L. Decas, 46 Oak Street, Wareham, relating to property at River Road, for construction and use of a multi-family dwelling unit, containing four dwelling units on property of the applicants in the General Business and Rural Residence Districts.

A revised plan shows the four unit structure will be 96 feet in length, depth 26 feet; the number of garages reduced from four to two, with one garage at each end of the structure; specific existing and new planting of trees and shrubs.

A special permit was granted to Jeffrey J. Dupont, 12 Old Mattapoisett Neck Road, relating to property at 28 Fairhaven Road, known as Branigan's, to extend the existing nonconforming business use of the property, a restaurant, by placing tables and chairs in front of the restaurant to be used as a

customer waiting area, and not for food service, in the warm weather season and by increasing the seating capacity inside the restaurant from 30 seats to 36 seats year-round.

The outdoor seating will be used from May 15 to October 15. The parking spaces will be increased five spaces on land leased from the Reservation Golf Club. No one appeared in opposition.

A variance was granted to Daniel J. Sullivan, 3 Creek Street, relating to property at that address for a construction change to an existing single family dwelling in the Crescent Beach area. The petitioner plans to add an 8 foot by 19 or 20 foot pre-manufactured greenhouse to the westerly side of the dwelling. The greenhouse will be placed on stilts to be at the same elevation as the living room of the original part of the dwelling, and will be an extension of the living room. After purchase of the greenhouse, the petitioner was advised by the Building Inspector that the proposed construction would result in a street setback of 13 feet, two feet short of the 15 foot requirement.

that their son, Thomas J. Peccini, has been selected as an American Field Service international exchange student in Italy for the 1988-1989 academic year.

Thomas will live with a host family for the entire year in Cognola, which is in the province of Trento. It is located at the foot of the Italian Alps, and is approximately 50 miles from both the Austrian and Switzerland borders. The famed Lake Garda is a short drive away. Trento is one of the provinces that was transferred from Austria to Italy in 1919. It is a province of distinctly Italian character.
